

## Drs. Joseph P. Hunstad and Bill G. Kortesis

The Hunstad Kortesis  
Center for Cosmetic Plastic  
Surgery & Medspa  
Charlotte, NC

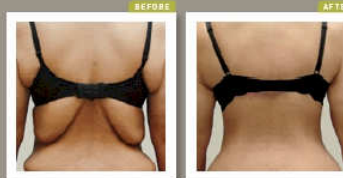

### The Atlas of Abdominoplasty

Now published in Spanish and Chinese, as well as English, *Atlas of Abdominoplasty* is a textbook co-written by Dr. Hunstad to help guide other physicians in techniques used in this often-requested surgical procedure. "It's a comprehensive collection of information that carefully details all of the aspects and varieties of abdominoplasty," Dr. Hunstad says. To further guide physicians, the book contains almost 500 illustrations and a DVD showing the prescribed techniques in action.

### CASE STUDY

### CORRECTING CONTOURS

Frustrated with skin laxity along her bra line and mid-back skin folds, this 31-year-old patient sought out Dr. Hunstad for the Bra Line Back Lift procedure. "This gave her the smoother, tighter contour she desired," Dr. Hunstad says. "She is ecstatic with her results."

## "we complete the journey with you"

TUCKED AWAY ON 26 ACRES OF PICTURESQUE WOODLAND, THE HUNSTAD KORTESIS CENTER FOR COSMETIC PLASTIC SURGERY & MEDSPA IS A LEADER IN THE PLASTIC SURGERY COMMUNITY BY SETTING STANDARDS THROUGH EXTENSIVE RESEARCH AND THE TRAINING OF OTHER PLASTIC SURGEONS. THE GROUP HAS AUTHORED TEXTBOOKS AND HAS EDUCATED COLLEAGUES WORLDWIDE. "WE HAVE A FELLOWSHIP PROGRAM AS WELL AS A POSITION ON THE FACULTY AT UNC, WHERE WE TEACH RESIDENTS," SAY THE BOARD-CERTIFIED SURGEONS.

Rhinoplasty

#### ABOUT DRs. HUNSTAD AND KORTESIS

##### HOW WOULD YOUR PATIENTS DESCRIBE YOU?

We are like the primary care physicians of the past who got to know patients and their entire families. We have that kind of connection with every patient who walks in the door.

##### DR. HUNSTAD: HOW ARE YOU A LEADER?

I've authored more than 50 peer-reviewed articles on a variety of topics. I've also lectured worldwide on many topics, mostly body contouring, and I've performed live surgery as an invited guest surgeon to many industry meetings worldwide. In 24 years of practice, I've had the opportunity to operate in more than 20 countries.

##### HAVE YOU DONE ANY PRO BONO WORK?

Dr. Hunstad: I've treated a number of patients in need through word-of-mouth referrals over the years. Our website has been a powerful tool in showing people what is possible, and they reach out to us.

Dr. Kortesis: I've treated children in Bolivia who were burn victims. In a week's time, our team did close to 100 surgeries. After it was all said and done, all the kids we had worked on hosted a banquet for us and they came through the door singing and holding banners for us. They were so thankful we had come to help them. It was the most rewarding experience I ever had.
